

I have a Amicus Professional TT Robot which I would like to sell. It is about 5 years old and has only been used by me at home. It is in the supplied storage bag [with instructions] and is ideal for club or individual use.

If any club or individual would like to buy it please message me on 07710 799595.

Originally cost £1500 and I am open to offers.

Thank you

John Standish
