38. Any ungraded player who has played 9 sets in the League during the current season may apply to the Registrations and Gradings Secretary for a grading and shall be given one. Players without a grading will be ineligible.
39. New gradings issued under Rule 38 shall remain in force for the purpose of Cup eligibility until the end of the League season in which they are issued.
40. All Cup matches shall be conducted in accordance with League Rules for Match Play with the following exceptions:
  - a) Opponents shall be drawn for each round and, except in the case of the final, matches shall be played at the venue of the first team drawn. ## B2- INTERNATIONAL AND NATIONAL REGULATIONS

### Balls

For Competitive Table Tennis (the official definition covering league play), the position is that only a ball on the approved list issued by the ITTF can be used.

The current list applies to 31/12/25 (i.e. the first half of our season); a pdf version of the list can be found on the Topspin website.

### Rubbers

A change was made to the approved laws of the game with effect from 1 October 2020. New law 2.4.6 reads:

***The surface of the covering material on a side of the blade, or of a side of the blade if it is left uncovered, shall be matt, black on one side, and of a bright colour clearly distinguishable from black and from the colour of the ball on the other.***

The current list of approved racket coverings can always be found on the ITTF website (equipment/racket coverings); a pdf version of the latest list is on the Topspin website.

### Other matters

No other significant changes have been made since 2019/20 by either ITTF or TTE.

There are two further (but minor) changes to Laws 2.4.4 and 2.4.7.1 which have been made that are not reflected in the latest set of the Laws (dated 1/10/21) on the TTE website.

### **B3- HINTS TO SECRETARIES/CAPTAINS/PLAYERS**

Club Secretaries, Team Captains and Players will greatly facilitate the smooth working of the League by carefully noting the under-mentioned details.

1. Read thoroughly and learn the League Rules.
2. Club Secretaries/Team Captains are advised to make out their fixture lists from the chart(s) in the handbook at the beginning of the season.
3. When filling in details on result cards, please write clearly in ink.
4. Ensure that the scorecards agree and are initialled by both teams.
5. Post/deliver (or e-mail) the card to the Divisional Secretary so as to arrive no later than the third working day following the day of the match (League Rule 25).
6. If a fixture is postponed, both teams must notify the Divisional Secretary in accordance with League Rule 29d. Explaining the circumstances of a postponement can, in the event of a subsequent dispute, be helpful.
7. If a postponed fixture cannot be rearranged to the satisfaction of the 'postponed against' team, we are (based on an appeal decision made in the 2024/25 season) likely to award the fixture to that team).
8. It is imperative that suitable accommodation and lighting are provided for all matches (see also League Rule 15); if the surroundings are deemed 'light' then the use of orange balls should be offered to the away side.
9. A new ball (from the approved list) should be provided for each fixture.  
Balls can be bought from the League both at the AMCS at the start of the season and subsequently [see also p.35].
10. Clubs playing matches against any unaffiliated club or individual, without obtaining prior permission to do so, will be liable to suspension. Clubs should make application to the General Secretary of the County Association, which may, at its discretion, grant permission.
11. While most players will probably bring their own refreshments, please will the home team try to ensure that water is available (and away teams be mindful that the home team at some venues will be trying to support the bar function).

## B4- APPENDIX TO LAWS (KNOTTY POINTS)

These notes are based on decisions of the Rules Committee of the ITTF.

1. Edge balls.  
The phrase 'table surface' is to be interpreted as including the top edges and corners of the tabletop.  
A ball in play which strikes these is therefore 'good' and still in play.  
If it strikes the side of the table (i.e. below the edge) it becomes dead and counts against the last striker.
2. Ball returned with empty hand.  
If a player drops his racket, he cannot return the ball with his empty hand (Law 2.5.5 defines the racket hand as 'the hand carrying the racket').
3. Racket thrown at ball.  
If, in returning the ball, the racket leaves the player's hand, it is a 'good' return provided the racket were still in his hand at the moment of contact with the ball (Law 2.5.7) and if it does not move the table surface (Law 2.10.1.8) or touch the net assembly (Law 2.10.1.9).
4. Ball fractured in play.  
If the ball splits or becomes otherwise fractured in play, affecting a player's return, a let should be called (Law 2.9.2.4.1) by the umpire.  
A point should be scored if the player's return is not affected.  
In all cases of doubt, a let should be declared.
5. Fixtures.  
A moving spectator, a neighbouring player, or a sudden noise (i.e. any neighbouring object in movement other than a partner/opponent) should be regarded as an accident not under control (Law 2.9.1.3) interference from which implies a let.  
A stationary spectator, fixed seating, the umpire, the light, a nearby table, or a continuous sound of even volume (i.e. a relatively constant or motionless hazard) should not be regarded in the same way, and complaint against such interference should be regarded as void.
6. Expedite.  
The expedite system shall come into operation after 10 minutes' play in a game or at any time when requested by both players or pairs.  
The expedite system shall not be introduced in a game if at least 18 points have been scored.  
If the ball is in play when the time limit is reached, play shall be interrupted by the umpire and shall resume with service by the player who served in the rally that was interrupted.  
If the ball is not in play when the expedite system comes into operation, play shall resume with service by the player who received in the immediately preceding rally.  
Thereafter, each player shall serve for one point in turn until the end of the game.  
If the receiving player/pair makes 13 good returns, the receiver shall score a point.  
Once introduced, the expedite system shall remain in operation until the end of the set (Law 2.15).
