

This summer Winstanley decided to run an individual handicap competition. Our chairman, Ken Oram, thought it would be appropriate to name this competition the **JOHN GREENING HANDICAP CHALLENGE**.

I would like to thank Peter Wilson for suppling me with the up to date gradings to enable me to set up this competition.

The competition ran from 1st July to 9th September (11 weeks) playing on Monday evenings. The eventual winner was **Kai Bhakta** who narrowly pipped his elder brother Kalan on the final week. There were 298 games played with the majority of them being close (52.34% being 21-17 or closer),shows that the grading system is more or less spot on.
