

COUNTY JUNIORS

The second junior county day once again was played on home territory at Knighton Park table tennis club. Both matches against Lincolnshire and Cheshire were won 6v4 by Leicestershire which meant we ended the county season second in the division.

As Junior county captain I was really pleased with the performance of all the players.

Oscar Bentley was on top form and came out with four out of four wins for the day and hundred percent for the season.

Corey Lancaster played excellent attacking table tennis to win 3 out of 4 and played the crucial game against Cheshire's number 1 to win the match eight in the fifth.

Kalan Bhakta got his first County win against Cheshire's number three and only just lost his other match against Cheshire eight in the fifth.

Roma Morjaria was very consistent over both county days winning 8 out of 10 for the season and she also demonstrated some stunning forehands.

Catherine LV, who is still a cadet, showed how much she has improved this year winning one game in each match which contributed to our wins.

I would like to thank Steve Bentley and James Lancaster for all their help during the day.
